

## Bonus Session:

### Managing Your Project Management Career

Project Managers are professionally trained to initiate, plan, execute, control, and close projects. Yet, rarely are these same techniques applied to their most important project – their own careers! This session will apply the best practices of project management to managing a career.

**About the presenter:**

**Laurel Miller, PMP®** — currently works as Director of Information Technology (IT) at Nu Skin Enterprises. He has responsibility for their Service Desk along with the operations of their corporate data center. He has worked in a variety of roles in a variety of industries ranging from Turkey Herder to Project Management Office Director, sonar to semiconductors. Laurel has a Master of Engineering Administration and a Bachelor of Science in Electrical Engineering. He is a past member of the Board of Trustees for the Northern Utah Chapter of PMI.

Laurel presented this seminar in a previous Professional Development Day in 2004 and again in 2008. Those who have attended before will find the content to be much the same and will welcome the reminder. Those who haven't seen this session will be inspired to re-think their career in Project Management terms.
